

Podiatry – Domiciliary Podiatry Care

- A home visiting service is provided for patients who are totally chair or bed bound who live in the Bristol area.
- Referrals for this service can only be accepted from GP's or health professionals.
- Patients who do not meet the criteria for home visits may be offered an appointment at a local general podiatry clinic provided by Bristol Community Health.
- Treatment is provided on the basis of medical risk and/or foot health need, regardless of a patient's age, socio-economic status, culture or ethnicity.

This service does not provide a routine toenail cutting service.
